& The Chairman, Municipal council, Mangalore.

Sir,

L i c e n c e - T.S.No. 5 of 13th ward - Canara High school -- Installation of electric motors for Education purposes - sanction - requested.

T.S.No.5 of 13th ward occupied by the Canara High school premises is situated in a notified residential area. The Headmaster, Canara High school in his petition dated the 12th March 1953 has requested the grant of permission for the installation of electric motors of 0.5 & 0.25 H.P in the engineering Section of the school. The electric motors are intended for working a lathe and drilling machine and are set up with a view to impart practical instruction to pupils in Engineering. It is represented by this educational institution that the use of electric motors in their workshop is absolutely essential and in the absence of the aforesaid machinery the pupils would be deprived of their chance of learning practical Engineering. The Municipal councul in its resolution No.1317 dated the 11th September 1953 resolved to grant the permission subject to the approval of the Government. The installation of the machinery is purely for teaching pupils in the vocational classes of this High School and not for any industrial, manufacturing or trade processes or purposes which are prohibited. The Municipal Health Officer in his report dated the 26th ~~December 1953~~ February 1954 has recommended the grant of permission with the sanction from the Government. In enclosing copies of council resolution No.1317 dated the 11th September 1953 Municipal Health Officer's report dated the 26th February 1954 and plans I request that the Government may be pleased to approve the grant of permission.

Office of the Director of Town Planning,
Old High Court Buildings, 1st Line Beach,
Endt.No.Roc.5288/A3/54. Madras.1. Dated 26-6-54.

Forwarded to the Government. 36634

There can be no objection to the Municipal Council being allowed to grant permission for the installations in question, as they are intended for purposes of imparting education to the pupils of the Canara High School in whose premises they are proposed to be installed. The school premises lies in a notified Residential area. The installations, however are not intended to be utilised for any trade or industrial purposes and as such it is not likely that the provisions of the Madras Public Health Act will be applicable to them. I request orders of the Government.
